This certificate confirms that the icon you have purchased is an authentic, handcrafted piece created in our workshop in Greece.

Each icon is made with care, respect, and dedication to traditional Byzantine iconography. The materials and techniques used follow long-established practices passed down through generations.

The certificate serves as a guarantee that your icon is not mass-produced. It verifies its origin, craftsmanship, and authenticity.

This document adds value and trust, especially for collectors, gifts, or personal devotion.
